Defence Budget 2018

Following our long lasting tradition, RID analyses again the new Italian Defence Budget, by reviewing and commenting its different components, from the

strategic context-related introduction and the international missions to the personnel situation, the estimates of expenditure in the different sectors, up to the forecast financing programmes for 2018.

Nettuno: Defence Symposium 2017

The Nettuno test range hosted the presentation of a series of news by Rheinmetall, Metravib, Sagem-Safran, SIG SAUER and PGM Precision. News in the fields of the 40 mm grenades, hand grenades, small arms, and ammunitions intended for use by Special Forces.

6th Wing TORNADOs at Decimomannu

Report from the Decimomannu air base to document one of the redeployment the TORNADOs belonging to Italian Air Force 6° Stormo (6th Wing) carry out on a regular basis at the Sardinia based test range. The latest news about the equipment and organisation for AERONAUTICA MILITARE's TORNADOs IDS and ECR.

Operations in space and the Space Warfare concept

The technological competition between the US and USSR during the Cold War to obtain a space superiority involved the development of satellites and missile technologies necessary to reach their aims. The technological developments resulted in the development of satellite technologies, missile vectors and direct energy weapons.
