Cover
The hospital ship USNS COMFORT arrives in New York City, 30 March 2020,
to support America’s COVID-19 response efforts. The intention was
she would serve as a referral hospital for non-COVID-19 patients who had
at the time been admitted to shore-based hospitals, allowing those hospitals
to focus on COVID-19 cases.
(Phot: USCG/Petty Officer 2nd Class Cory J Mendenhall)

Small inserts on cover depict
- Staff Sgt Alyssa Gomez, USAF, the 9th female in USAF history to
  become a sniper, sighting her M24 Sniper Weapon Systems at Nellis
  AB, NV. MT North American Bureau Chief Marty Kauchak examines
  state of the art in sniper weapons in this issue. (Photo: USAF)
- Airborne training operations at Ramstein Air Base in Germany,
  April 2020. In this issue, Andrew White looks at developments
  in airborne equipment for special forces.

US Marines at the Assault Amphibian School prepare to enter a
simulated submerged vehicle during a training event at the Submerged
Vehicle Egress Trainer, Marine Corps Base Camp Pendleton, CA,
in January. Marines who operate assault amphibious vehicles must
complete training with the device before they can receive their military
occupational specialty. (Phot: USMC)
